EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. The changes are necessary to correct minor typographic errors and thus do not affect the scope of the claimed invention. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In the specification:

Page 9, line 22, "The" (first occurrence) has been changed to - There --;

Page 10, last line, "fist" has been changed to - first --.

In the claims:

Claim 22, last line "solid the" has been deleted and replaced with - the solid --.

End of Amendment.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance: The rejection to claim 8 and its dependent claims are hereby withdrawn. The method taught in the reference requires that the base (which contains oleophilic oil) be mixed with active ingredients before being dispersed into the gel containing a gelling agent and that the base and the gel are heated separately before the dispersion. In contrast, the claimed invention requires dispersion of the oleophilic oil in the gelling agent to form a mixture and then heating the mixture. Also, the stability of the beads (or so-called pearls) results from a homogeneous

blend of all substances including the gelling agent (thus agitation during dispersion is required), while the stability of the beads of the claimed invention relies on the intermix of the oil and the gelling agent in which the gelling agent provides support for the oil to remain in a particulate form.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to H. T. Le whose telephone number is 571-272-1511. The examiner can normally be reached on 10:00 a.m. to 6:30 p.m., Mondays to Friday.
